PROFILE

I'm a skilled Full-stack Web Developer with **2+ years of professional experience** at **Techys IT** Company, specializing in building dynamic, scalable web applications. I am proficient in modern technologies such as **Next.js, Express, React, Electron, and both SQL and NoSQL databases including MongoDB and MySQL**. I also have hands-on experience with **Websocket, Docker, CI/CD** workflows, and deploying applications using Coolify, enabling efficient and reliable production deployments.

WORK EXPERIENCE

Full Stack Developer

Techy's IT (2024 – Present)

- Built scalable web and desktop apps using Next.js, React, Node.js, and Electron across multiple products.
- Designed offline-first, multi-store systems with SQLite and automated sync to PostgreSQL.
- Developed secure authentication with NextAuth and custom role-based access control.
- Delivered responsive, accessible UIs using Tailwind CSS, ShadCN UI, and modern design systems.
- Managed databases with Prisma ORM for type-safe queries and smooth migrations.
- Drove TypeScript adoption, improving code quality and team productivity.
- Implemented real-time features and notifications for multi-branch operations.

Multi service website:

- Built a multi-division website (Retail & IT) served from the same domain with route-based separation.
- Developed using Next.js, Prisma, PostgreSQL, and NextAuth for secure and seamless authentication.
- Integrated ShadCN UI and Aceternity UI to deliver a modern, consistent, and responsive design.

POS SYSTEM:

- Built a local-first, multi-store POS system using Electron with full offline support.
- Developed backend with Express.js, using SQLite locally and PostgreSQL with automated sync.
- Designed a simple, efficient UI for orders, billing, tables, and inventory management.
- Scaled the system for multiple branches and devices with secure remote backups.
- Added real-time updates and notifications to streamline daily operations.

SKILLS

Frontend: React.js, Next.js, Tailwind CSS, Bootstrap, HTML, CSS, JavaScript, TypeScript

Backend: Node.js, Express.js, Next.js

Databases: MongoDB, MySQL, PostgreSQL, SQLite, Firebase

Other: Electron, Websocket, NextAuth, Prisma, REST APIs, CI/CD, Docker, Multi-store & Offline-first application design

EDUCATION

COMPUTER SCIENCE AND ENGINEERING (CSE)

Dhaka International University

2019-2023

Higher Secondary

Melandha Govt College

2016 - 2018

ACHIEVEMENT

- Participated in ICPC - 2020
- Winner of Programming Contest in "SIU" 2021
- Winner of Hackathon Contest in "SIU" 2021
- Runner-up of Project showcase in "SIU" 2021
